

General Morality Clause

- Though our clients do not have to believe as we do, please understand that we are Christian. Thus, we do not take pictures of things that will grieve our God. Nor will we take pictures of things that would cause another brother in the faith to stumble. We will not take pictures of things that will be a stumbling block to those who do not believe in the Father, Son, and Holy Spirit. And lastly we will not take pictures of things that go against our conscious.
 - This includes, but is not limited to:
 - Pictures that EXALT drunkenness, homosexuality, infidelity, adultery, lying, stealing, violence, sexual immorality, idolatry and anything of a similar nature. This also include immodesty, or the sensual dressing of a male or female.
 - This is not to say those who practice these lifestyles cannot be included, filmed, or celebrated, it just means we will not shoot (video/photo) things that “promote” these lifestyles.

Wedding Clause 1

- If you book us to do a wedding and desire pictures or video of the Bride and Groom between the reception and ceremony, we require "at least" 1 hour of time from the end of the ceremony to the reception.
- This is very important, please consider that the product will be what people remember throughout the years from a wedding, thus ample time should be given to the photographers/videographers.
- We require this extra time (ESPECIALLY for photography) for the setting up and breaking down of our lights and equipment. If travel is required, extra time will be needed.
- If this cannot be done, please understand video footage and or photography coverage will be lacking.
 - This time between the Ceremony and Reception is usually where the bulk of bride and groom photos and video is shot.

Wedding Clause 2

- **PHOTOGRAPHY ONLY:** We know that weddings are a time of celebration and joy, however, we ask that no additional cameras be allowed during the times of staged pictures. This disrupts the flow of our photographers and often times makes the shoots longer.

Wedding Finances

- We require at \$300 at the time of the signing contract. This is to lock in the date.
- We also that half of the money (which includes the \$300 down payment) to be paid a month before the wedding. This amount may be paid in one lump sum or in installments. This money is used to pay extra filmmakers/photographers and to solidify extra equipment. We

ask that the other half be given on the day of the Wedding. If you have any questions, or cannot accommodate these arrangements, please contact us, thank you!

Theology Clause (For religious instances only)

- Though our clients do not have to have the same exact belief system as we do, we will not film material that promotes unclear and or unbiblical theology.
 - This includes, but is not limited to promotion of:

- **Man wrote the Bible Worldview**

- **Differing Major Religion**
 - I hold the right to reject promotion of any major religion not consistent with the teaching of the Holy Bible

Every person has the right to believe as they wish, we will not exclude service to a person simply for what they believe. In fact, I still love you and so does God! However, promotion and exaltation of a particular lifestyle is important to us as followers of Jesus and to our business. We ask that you would respect that.
